

不銹鋼・耐熱鋼關係

Table mapping Japanese Industrial Standards (JIS) for stainless and heat-resistant steels to international standards (AISI, BS, DIN, etc.).

Table mapping Japanese Industrial Standards (JIS) for carbon and alloy steels to international standards (AISI, BS, DIN, etc.).

備註 1. ISO是ISO TR 15510:1997... 2. 美國的規格是參照UNS... 3. 歐洲規格依EN10088-1:1995...

工具鋼關係

Table mapping Japanese Industrial Standards (JIS) for tool steels to international standards (AISI, BS, DIN, etc.).

Table mapping Japanese Industrial Standards (JIS) for tool steels to international standards (AISI, BS, DIN, etc.).

Table mapping Japanese Industrial Standards (JIS) for tool steels to international standards (AISI, BS, DIN, etc.).

鋼材種類對照表

Table mapping Japanese Industrial Standards (JIS) for various steel types to international standards (AISI, BS, DIN, etc.).

參考資料: 「特殊鋼」2001年11月號

Table mapping Japanese Industrial Standards (JIS) for various steel types to international standards (AISI, BS, DIN, etc.).

請樣系: 將切削加工時加速工具磨耗造成韌性降低的大型碳化物減少, 提高切削加工性及韌性的工具鋼。

Table showing tool types and their corresponding materials, categorized by application (e.g., cutting, grinding).
